# Rediscover your taste for life with T2

This Festive Season, it's the  
little moments that matter

It's the little moments that matter this Festive Season  
Moments to feel, dream, hope and share  
To bring your full self and a full cup to your table  
And appreciate and celebrate all that is good in life  
Set our intentions to create and  
do beautiful things in the year ahead  
And rediscover our taste for life,  
sipping the future with full hearts  
After all, we are all part of one big beautiful human brew  
So, look into your cup and love what you see  
When you see the world with your heart,  
every moment can be magical

## T2 Sustainability

### Boxes

## The paper used to make our rigid boxes is FSC® certified.

It's also produced in a plant powered by hydroelectric and cogeneration power sources. Plus, they are also acid and heavy metal free. Strong enough to last even after the tea's all gone, we encourage you to keep this box and reuse it.

## This box plants trees and cleans waterways.

This packaging is FSC® certified and for every tree harvested, four new seedlings are planted.

Also, 99% of the water used in production is returned to waterways after careful cleaning – often cleaner than what it originally was! Oh, and 100% of the wood used is traceable and comes from sustainably managed forests.

### Poly Bags

## What about those plastic polybags your tea comes in?

They're now made from plant-based sources and can go straight into your home compost. This switch will divert over 80 tonnes of plastic from ending up in landfill every single year.

### Sachets

## We've partnered with RedCycle.

When it comes to our teabag sachets, we partnered with RedCycle so they can be put in any RedCycle bin for recycling. At this stage, they're not kerbside recyclable or home compostable.
