

## MGPM21 Master of Global Project Management

The Master of Global Project Management course is 1.5 years in duration for a full-time student. Each year consists of three Study Periods, also known as Trimesters.

**Core subject** - a compulsory subject that you must complete

**Elective subject** - a subject you must choose from the Elective Bank below

**Pre-requisite subject** - a subject you must complete before undertaking another subject

**This course comprises 12 subjects that you are required to complete: 8 core subjects and 4 elective subjects**

**RPL** - Should you have any Recognition of Prior Learning (RPL) credits that make you eligible for exemptions, please contact your Program Director to discuss further.

**How to read the below Suggested Study Pattern** (as a Full-Time Student):

**8 subjects per year** make up a full-time study load, following a **3 subjects - 3 subjects - 2 subjects** pattern across the year's three Study Periods (Trimesters).

**As an example:** Following the below pattern, the subjects in **your first year** would be:

**Your first Study Period:** PROJ6000, PROJ6002 and PROJ6003 (3 subjects)

**Your second Study Period:** PROJ6004, PROJ6017 and 1 Elective (3 subjects) **We strongly recommend taking MGT502 as your first elective**

**Your third Study Period:** MGT600 and PROJ6018 (2 subjects)

**Studying Part-Time?** You would still follow the below sequence from top to bottom, but with fewer subjects per Study Period.

**Fast-Track?** You can complete your course sooner by taking up to 4 subjects in each trimester.
