

MPA Master of Professional Accounting

The Master of Professional Accounting is one and a half years in duration for a full-time student. Each year consists of three Study Periods, also known as Trimesters.

Core subject - a compulsory subject that you must complete

Pre-requisite subject - a subject you must complete before undertaking another subject

This course comprises of **12** core subjects that you are required to complete.

RPL - Should you have any Recognition of Prior Learning (RPL) credits that make you eligible for exemptions, please contact your Program Director to discuss further.

How to read the below Suggested Study Pattern (as a Full-Time Student):

8 subjects per year make up a full-time study load, following a **3 subjects-3 subjects-2 subject** pattern across the year's three Study Periods (Trimesters).

As an example: Following the below pattern, the subjects in your first year would be:

Your first Study Period: ACCT6001, ACCT6002 and ECON6001 (3 subjects)

Your second Study Period: FINA6000, ACCT6003 and STAT6003 (3 subjects)

Your third Study Period: LAW6000 and ACCT6007 (2 subjects)

Please note, this is a suggested plan. It is important to follow the Accounting subjects sequence due to pre-requisites. Remaining subjects with no pre-requisites can be taken at any time and may not be offered every trimester in some locations.

Studying Part-Time? You would still follow the below sequence from top to bottom, but with fewer subjects per Study Period.

Fast-Track? You can complete your course sooner by taking up to 4 subjects in each trimester, pre-requisites permitting.
