MGPMA
Master of Global Project Management (Advanced)

The Master of Global Project Management (Advanced) course is 2 years in duration for a full-time student. Each year consists of three Study Periods, also known as Trimesters.

Core subject - a compulsory subject that you must complete
Elective subject - a subject you must choose from the Elective Bank below
Pre-requisite subject - a subject you must complete before undertaking another subject

This course comprises 16 subjects that you are required to complete: 8 core subjects and **8** elective subjects

RPL - Should you have any Recognition of Prior Learning (RPL) credits that make you eligible for exemptions, please contact your Program Director to discuss further.

How to read the below Suggested Study Pattern (as a Full-Time Student):

8 subjects per year make up a full-time study load, following a **3 subjects - 3 subjects - 2 subjects** pattern across the year's three Study Periods (Trimesters).

As an example: Following the below pattern, the subjects **in your first year** would be:
Your first Study Period: PROJ6000, PROJ6002 and 1 elective (3 subjects)   **We strongly recommend taking MGT502 as your first elective**
Your second Study Period: PROJ6003, PROJ6004 and 1 elective (3 subjects)   **We strongly recommend taking MGT501 as your second elective**
Your third Study Period: PROJ6001 and PROJ6006 (2 subjects)

Studying Part-Time? You would still follow the below sequence from top to bottom, but with fewer subjects per Study Period.
Fast-Track? You can complete your course sooner by taking up to 4 subjects in each trimester.
