

Remote Auditing: COVID-19 Factsheet

Read the answers to frequently asked Remote Auditing questions.

HOW WILL SAI GLOBAL DELIVER OUR AUDIT?

- SAI Global has the ability to provide audit and certification services remotely.

WHAT IS REMOTE AUDITING?

- SAI Global has been conducting remote audits for many years. With the integration of smartphones and/or video/audio technology, we can facilitate a remote audit with the appropriate governance and quality of outcome you have come to expect from SAI Global.

CAN WE CONTINUE WITH OUR AUDIT?

- For ISO standards, yes. If you have a confirmed audit, there is no change to our standard process.
- If you are certified to Aerospace, Automotive, Medical Devices or Food Safety Standards, please [contact us](#) for more information.

IS REMOTE AUDITING RECOGNISED BY THE RESPECTIVE ACCREDITATION BODIES?

- Yes. SAI Global works in concert with the Accreditation bodies, and while providing flexibility in obtaining certification, we are not in any way compromising the robustness of these processes

HOW IS SAI GLOBAL EQUIPPED TO ASSIST US?

- SAI Global has available tools, that you can simply refer to and share within your organisation about auditing and certification to assist in internal communications.
- [Access our dedicated resource hub here.](#)
- Your SAI Global team are highly experienced and are ready to help and work with you on any specific requirements to ensure your business continuity over this period.
