

Animal Fruit Rice Cakes

How cute are these animal rice cakes? Experiment with ingredients to make different types of animals.

Ingredients

- A selection of Fruit
- Plain Rice Cakes
- Cereal
- Yoghurt or jam to keep the fruit in place

These items can be purchased from Woodgrove Coles or Woolworths.

Step 1

Draw out your cute animal faces. This way you know exactly how much fruit to slice, and which fruit is needed.

Step 2

Carefully slice your fruit into the shapes. You will need some adult supervision for this step.

Step 3

Place yoghurt or jam [whichever you prefer] onto the rice cakes so the fruit and cereal can stay in place.

Step 4

Decoration time! Place your fruit onto your rice cakes and see your animal creation come to life. Add cereal to create textures.

Step 5

Eat and enjoy, yum!

If you prefer a savoury option use vegetables instead of fruit, and dip or cream cheese to stick them onto the rice cake base.
