THE PROBLEM

Washing your face and/or applying skin care products can get messy when your hair gets in the way. Headbands and hair clips are OK, but they're not always very comfortable.

NORWEX® SOLUTION

The cute Spa Headband made from Norwex Microfiber with BacLock* is the ultimate accessory for comfortably keeping hair away from your face during your skin care regimen.

WHY IT'S BETTER

- Made of super-soft, absorbent Norwex Microfiber with BacLock.*
- BacLock* offers continuous protection against microbes and odors within the cloth.
- BacLock* within the cloth makes it mildew resistant, keeping it cleaner and fresher longer.

WHAT YOUR CUSTOMERS WILL LOVE

- Easy to use; one size fits most.
- Stylish design promotes comfort and relaxation.
- Stretchy elastic conforms to the shape of your head.
- Won't easily slip, come off, or dig into scalp.
- Rouches elastic design helps prevent hair breakage and is wide enough to keep loose strands dry while enjoying a bubble bath or mask or cleansing your face before bed.
- Perfect as part of your daily skin care regimen.
- Graphite color goes with everything.
- Fun, decorative bow adds a touch of whimsy.

HOW TO USE

- Before facial cleansing, slip the Spa Headband on to hold hair away from face.
- Comfortable enough to wear all day, around the house, running errands, working out, etc.
- If it gets wet, simply hang to dry. The BacLock* in the cloth self-purifies within 24 hours so it's fresh and ready to use again.

CARING FOR MICROFIBER

Wash dirty Spa Headband with a Norwex laundry detergent and avoid bleach, fabric softeners and dryer sheets. For complete instructions, go to your *Consultant Office* > *Resources* > *Product Information* > *Product Instructions* > *Microfiber Care*.

DEMO TIPS

- Ask your Host to model how cute and comfortable the Spa Headband is for the other guests.
- Slip it on yourself as you're demoing the Lysere™ Skin Care Collection or our other facial care products.

DID YOU KNOW

- Typical hair ties can stress your hair. Avoid rubber bands especially; they call tug at strands, tangle your hair, break the shaft or even pull out entire strands.
- The Spa Headband is wonderfully stretchy, allowing it to fit comfortably on most heads and hair types. Perfect around the house for lazy days, "bad hair" days or self-care days.
- Typical soaps and cleansers can be harsh and drying to skin. This can be problematic for those with sensitive skin. Using a soft microfiber cloth with just water can help maintain the balance of delicate skin.
