The problem

Once we reach a "certain age," we begin to notice fine lines and wrinkles. And, due to environmental pollution and other skin stressors, dry, dull skin can start to be a problem at any age. A hydrating, detoxing, overnight moisturizer that's safe and effective would be ideal. But finding one with natural, plant-based ingredients isn't always easy.

Norwex solution

Our luxurious-to-the-touch Hydrating Night Cream infuses dry, fatigued-looking skin with rejuvenating moisture and nourishing ingredients that help restore your skin overnight. This deeply moisturizing blend of Nordic antioxidants and other plant-based ingredients reduces the appearance of fine lines and wrinkles as it also supports the skin's microbiome and detoxes it from daily pollutants and stressors.

Why it's safer

- CityStem™, a powerful extract of white horehound, works overnight to reverse the effects of pollution, detoxifying and strengthening the skin's natural barrier
- Specially formulated with anti-aging, skin-loving antioxidants and adaptogens
- USDA certified 91% biobased content from plants and other renewable sources
- Dermatologist-tested for allergy and irritancy
- Container is 50% PCR content and made from 25% OceanBound Plastic, helping to keep plastic waste from reaching our waterways

Key ingredients

CityStem™: This powerful white horehound extract protects skin from pollutants and neutralizes toxic oxidants that can damage proteins and lipids

Nordic Mushroom Blend (Chaga, Tremella & Cordyceps) + sodium hyaluronate: These adaptogenic mushrooms contain natural moisturizing properties and are combined with three molecular weights of hyaluronic acid to deliver long-lasting moisturization to the skin's outer layers

Prebiotics (Inulin, Fructose): Natural prebiotics proven to help rebalance the skin's microbiome by nourishing the skin barrier. The prebiotic inulin is a polyfructose extracted from chicory root that works to selectively support the skin's natural flora.

Niacinamide: This anti-aging ingredient reduces the appearance of fine lines, wrinkles and pores while improving skin clarity, evening skin tone and restoring radiance

Glycerin: Derived naturally from plant sources, it offers skin-friendly benefits such as non-irritation, improved moisturization and excellent aesthetic properties. As a humectant, it has the ability to attract and retain water, effectively hydrating the skin's outer layer.

Blend of 4 Hyaluronic Acids: Sodium Hyaluronate, Hydrolyzed Hyaluronic Acid, Hydroxypropyltrimonium Hyaluronate, Sodium Acetylated Hyaluronate: Hyaluronic acid blend provides long-lasting moisturization by combining different variants that contribute anti-aging effects. It absorbs into the skin to increase moisture, soften and plump the skin, and decrease the appearance of fine lines and wrinkles.

Ceramide: Moisturizes and strengthens the skin's moisture barrier, helping to protect it from environmental aggressors and pollution.

Nordic Antioxidant Complex: Skin-stabilizing oils of organic cloudberry, lingonberry and sea buckthorn absorb quickly to provide antioxidant benefits. Antioxidants and essential fatty acids protect the skin while helping to improve the skin's appearance, reduce the appearance of fine lines and wrinkles, and lock in moisture, leaving skin hydrated, plump and supple.

Upcycled Avocado Oil (Persea Gratissima Avocado Fruit Extract): The normally discarded avocado seed is upcycled to yield this nutrient-rich ingredient that helps plump and detoxify the skin

Glacial Water: Ultra-pure, intensely hydrating and rich in mineral trace elements

Vitamin C: Helps energize dull complexions

Adansonia Digitata (Baobab) Seed Oil: Intensely moisturizing, this rich oil from the baobab tree in Zimbabwe is loaded with antioxidants, vitamins and omega fatty acids to nourish and deeply hydrate the skin
