 Microfiber pad: 17 cm x 15 cm / 6.7" x 5.9"

The problem

It's been a while since you gave your bathroom and kitchen tile a good scrubbing. In fact, there's no telling the level of gunk and grime that's accumulated on it by now. But you don't relish the thought of tackling this time-consuming job. Sure, chemical-laden cleaning products might help make it faster, but at what cost to your family's health – or the health of the environment as those chemicals wash down the drain? You need something that's both fast and safe.

Norwex solution

The Tub and Tile Cleaning Attachment with Microfiber Pad works with your Telescopic Mop Handle and Multi-Use Handle to help you quickly bring tile, tubs and shower stalls to a sparkling shine with no harmful chemicals. Connect the Attachment with Microfiber Pad to your handle of choice and the Joint Attachment, and power away grime using only water or an environmentally friendly Norwex cleaning solution. The system is fast and easy – there's no bending or getting on your knees – and your bathroom and kitchen tile will sparkle like new without any harmful cleaning chemicals.

Why it's better

- Easily slides and snaps into the Attachment Joint, providing effective cleaning power
- Quickly removes stubborn dirt and grime without harsh chemicals and leaves your surfaces sparkling clean
- Scrubby material quickly removes grime, soap scum and other buildup as it glides across tile and other smooth surfaces
- Densely woven, superfine Norwex Microfiber physically removes up to 99% of bacteria from a surface using only water when following proper care and use instructions

- Attachment base is made from 72% recycled materials; pad is made from 70% recycled microfiber yarn
- Microfiber pad is made of the same Norwex Microfiber as the Bathroom Scrub Mitt for effective cleaning
- Designed to reach into corners and recesses
- Sponge liner adds extra absorbency for faster cleaning
- Velcro® material on the attachment keeps pad securely in place
- Elastic piece wraps around the base nose for stability during use
- BacLock®, our exclusive micro silver agent, protects the pad by inhibiting odor in the pad, which means it's ready to use again and again

What your customers will love

- The system allows you to reach all surfaces without having to get on your knees
- Compatible with Telescopic Mop Handle or Multi-Use Handle
- Safely removes dirt and grime, including soap scum and hard water deposits
- Can be used alone or with other Norwex cleaners
- Microfiber pad includes a handy loop for drying
- Microfiber pad is machine washable
- Microfiber pad replacement is available
- Lightweight system is easy to maneuver
- Available as part of money-saving sets

(continued on next page)

*BacLock is an antimicrobial agent solely intended to protect and self-clean the cloth by inhibiting growth of odor-causing bacteria, mold and mildew. BacLock does not protect people from disease-causing pathogens.

All Norwex Microfiber products carry a two-year warranty. Please visit www.norwex.com/product-guarantee for complete details.

Tub and Tile Cleaning Attachment with Microfiber Pad *(cont.)*

How to use

- Connect the Attachment Joint to either the Multi-Use Handle or a Telescopic Mop Handle
- Slide and snap on the Attachment with Microfiber Pad
- Secure the pad by slipping the nose over the front of the attachment and pressing onto the Velcro®
- Scrub surface
- Remove pad by peeling off of Velcro from either bottom corner hang to dry; do not pull from hang tag
- *For specialty coatings or delicate surfaces, always test in an inconspicuous spot*

Caring for microfiber

Wash dirty microfiber with a Norwex laundry detergent and avoid bleach, fabric softeners and dryer sheets. *For complete instructions, please visit www.norwex.com/microfiber-care-use.*

Demo tips

- Bring a Tub and Tile Cleaning System to the party and demo how easy it is to attach the Joint to a Multi-Use Handle
- Show your Host how to switch out the Attachment with Bristles for the Attachment with Microfiber Pad and then ask her to demo it to the guests
- Mention that attaching the system to a Telescopic Mop Handle helps you clean your entire shower stall without having to bend or get on your knees

Did you know

- Many typical tub and tile cleaning systems rely on the use of harmful chemicals and/or costly batteries to operate
