

Good, clean fundraising

Make a difference by creating Safe Havens and building environmental awareness while supporting a worthy organization.

Our fundraising program provides Consultants the opportunity to visit schools and community groups to inform and engage Canadians about the effects of harmful chemicals and single-use waste in our homes and their impact in the environment. All Consultants can hold a fundraiser to benefit a nonprofit organization.

The program focuses on the Norwex Mission and helps contribute to long-term Customer relationships for the Consultant. Therefore, Consultants are expected to act in a truly educational role, demonstrating our Core Values of Integrity, Trust, Respect and Kindness at their highest level.

To learn more and receive support materials please contact Consultant Care. Order Forms are available for purchase in packages of 50 as a Personal Supply Order.

All fundraisers must be closed within 30 days from the date your first order is submitted.

 norwex®

Getting Started

- Speak with a member of the participating organization such as the principal or program director to present the opportunity and raise awareness about the use of harmful chemicals in our homes
- Hold your presentation for the organization based on the 10-minute presentation outlined below
- Hand out the fundraiser brochure along with your contact info as a leave-behind for any questions they may have
- Invite participants to experience the benefits of using only water and Norwex Microfiber
- Determine a timeframe for your fundraiser, no more than 30 days
- Prizes are cumulative
- All prizes will be sent out with the order. It is the responsibility of the Consultant to sort and deliver the orders and prizes.

Tax Exempt Information

Some organizations are sales tax-exempt.

Please be aware that a participating organization may be exempt from income tax but still required to pay local sales taxes. A nonprofit organization is not always tax-exempt.

Before a Consultant places a fundraiser order for a tax-exempt organization, Norwex Canada Inc. must verify and document the sales tax-exempt status. To receive approval, a Consultant must submit the following on behalf of the tax-exempt organization:

- The organization's Tax ID number
- Sales tax-exemption form/tax-exempt certificate

Once sales tax-exempt status has been verified, the fundraiser for that organization will not be charged sales tax.

The Details

- This program offers a 20% Consultant Discount and 20% donation for the organization
- The Essential Solution Package
1 EnviroCloth®, graphite with amethyst trim (BacLock®)
1 Window Cloth, amethyst with graphite trim (BacLock)

Placing and Receiving Orders

How do I place my final order?

Send Master Order Form and Participant Order Forms by fax or email.

Fax: 877-622-3620

email: fundraisers@norwex.com

How do Customers pay?

Customers can pay the seller with cash or cheque. Cheques can be made out to the Consultant or the participating organization.

1) The participating organization collects all funds for their sales and issues one cheque to the Consultant. The Consultant then provides his/her credit card information to Norwex to process the final payment.

OR

2) The Consultant collects all funds and provides his/her credit card information to Norwex for final payment.

How do I pay for the final order?

Consultants will submit one payment for the final order. The full amount will have been received from the sellers.

How do I receive my 20% commission?

When completing your fundraiser order, the full amount due must be paid by the Consultant. The 20% Consultant commission will be paid into your Account Balance. Funds in your Account Balance are paid out twice monthly. To view your Account Balance go to your *Consultant Office > My Business > Commission Summary*.

Who does the final order ship to?

The final order will ship to the Consultant to check and sort. When you deliver the order to the participating organization, ask the representative for the organization to sign the picking slip to confirm that all products have been received.

How do I report a Booking?

Provide details about Booking on the Master Order Form.

10-Minute Presentation

2
MIN

Share benefits of Norwex Microfiber.

3
MIN

Share paper towel statistics and impact on the environment:

- The average person uses 2,400 – 3,000 paper towels every year
- 90% of households use paper towels for cleaning every day
- Over 5.8 billion kilograms of paper towels are used each year in North America. This works out to 2.7 million kilograms of paper towel waste every day! That's about the weight of 3,000 economy cars. And that's happening every single day.
- To make 1,000 kilograms of paper towels, 17 trees must be cut down and 76,000 litres of water consumed. Multiply that by the 2.7 million kilograms mentioned above, and you get roughly 51,000 trees and 227 million litres of water consumed every day. What for? A single-use, throwaway product that could easily be substituted with microfiber to make a real and lasting difference.
- If we could all reduce by just one paper towel a day, we could save 259 million kilograms of paper towel waste in North America every year.

5
MIN

Demonstrate paper towel and glass cleaner vs. Norwex EnviroCloth® and Window Cloth.

Participant Order Form

One form per participating organization to tally total sales. The Participant Order Forms should be included with the Master Order Form when faxed to Home Office. These will be used to tally prizes.

Please ensure each participating organization has selected their prize: Kids or Adult Prize Package.

Master Order Form

Use this form to consolidate all Participant Order Forms. Include all Bookings and final payment information.
