## Why VELUX?

For over 80 years, VELUX has pioneered the roof window and skylight market. Our focus has always been on creating the highest quality, most energy-efficient daylight products available. Take advantage of our experience and reimagine your home in daylight with VELUX skylights.

## Why skylights?

Daylight is powerful. It helps create a warm, inviting space while improving our overall well-being and decreasing our dependency on electricity. Skylights provide abundant daylight and fresh air, transforming the look and feel of an entire home. We're often asked, "Why skylights?" But with endless benefits to installing more natural light, the question should really be, "Why not skylights?"
