

SkyMax Fixed Skylight

Fill your home with bright, natural daylight! Spanning up to 10 feet, the dramatic SkyMax skylight doubles the square footage of standard flat glass skylights – without losing thermal efficiency. The SkyMax also incorporates a condensation channel to prevent leaking, eliminating the need for weep holes. For large, single light spans, the vinyl frame is structurally reinforced with aluminum. All SkyMax have a standard polyester powder coat finish in VELUX Neutral Grey. Additional designer colors, including copper cladding are available.

Features & Benefits

- Clean exterior profile provides natural light without obstructing roofline
- Versatile sizing allows for greater flexibility in positioning options
- Covers areas up to 35 square feet –10 feet at the longest dimension

Product Details

- Laminated Low-E Glass: double-paned argon-gas-filled Low-E glass that provides excellent energy performance for year round comfort. Plus, it includes the added safety of laminated glass, which building codes require for out-of-reach applications
- Outside curb dimensions recommended for measurement

Optional Skylight Upgrades

- Available in custom sizes
- Custom glass options available
- Custom finish options:

Other custom finish colors are available.
