Accurate depiction of company risk with our proprietary assessment using real-time data

On-demand service and support

Get help from our broker support team in minutes

Broad coverage for digital risks

Provide your clients with the most comprehensive coverage in the market

The screenshot shows a web form titled 'Start a Quote' with the Coalition logo and a user profile picture. The form has a progress bar with steps: INFORMATION > PLANS > CUSTOMIZE > QUOTE. On the left, there are input fields for: BROKER NAME, COMPANY NAME, COMPANY URL, COMPANY ADDRESS, and INDUSTRY OR NAICS CODE. On the right, under 'Selections', there are sliders for LIMIT (set to \$1,000,000) and RETENTION (set to \$2,500), and a 'GET A QUOTE' button.

Partners you can depend on

Give your clients the broadest coverage available in the market with the financial strength of the world's leading insurance providers.

Elevate your advisory capabilities

Coalition's broker knowledge center provides resources to advise your clients on evolving cyber and digital risks. Explore cyber claims calculators, limits estimates, educational webinars, and more.

Far more than traditional insurance

Digital risk changes quickly, and businesses need more than traditional insurance can offer. Coalition's **Active Insurance** provides policyholders with technology and expert support before, during, and after an incident occurs.

Active Risk Assessment

Underwriting, quoting, renewals, and digital risk scores powered by real-time data

Active Protection

All policyholders get free active monitoring and alerting to identify and prevent risk **before** it strikes

Active Response

In-house expert claims and incident teams and leading coverage if an incident occurs

5 Minutes

Average response time to an incident

46%

Percentage of incidents handled at no cost to the policyholder

75%

Percentage of funds recovered by Coalition Claims team in 2021 (where recovery was possible)
