# ALUMINUM CASTINGS

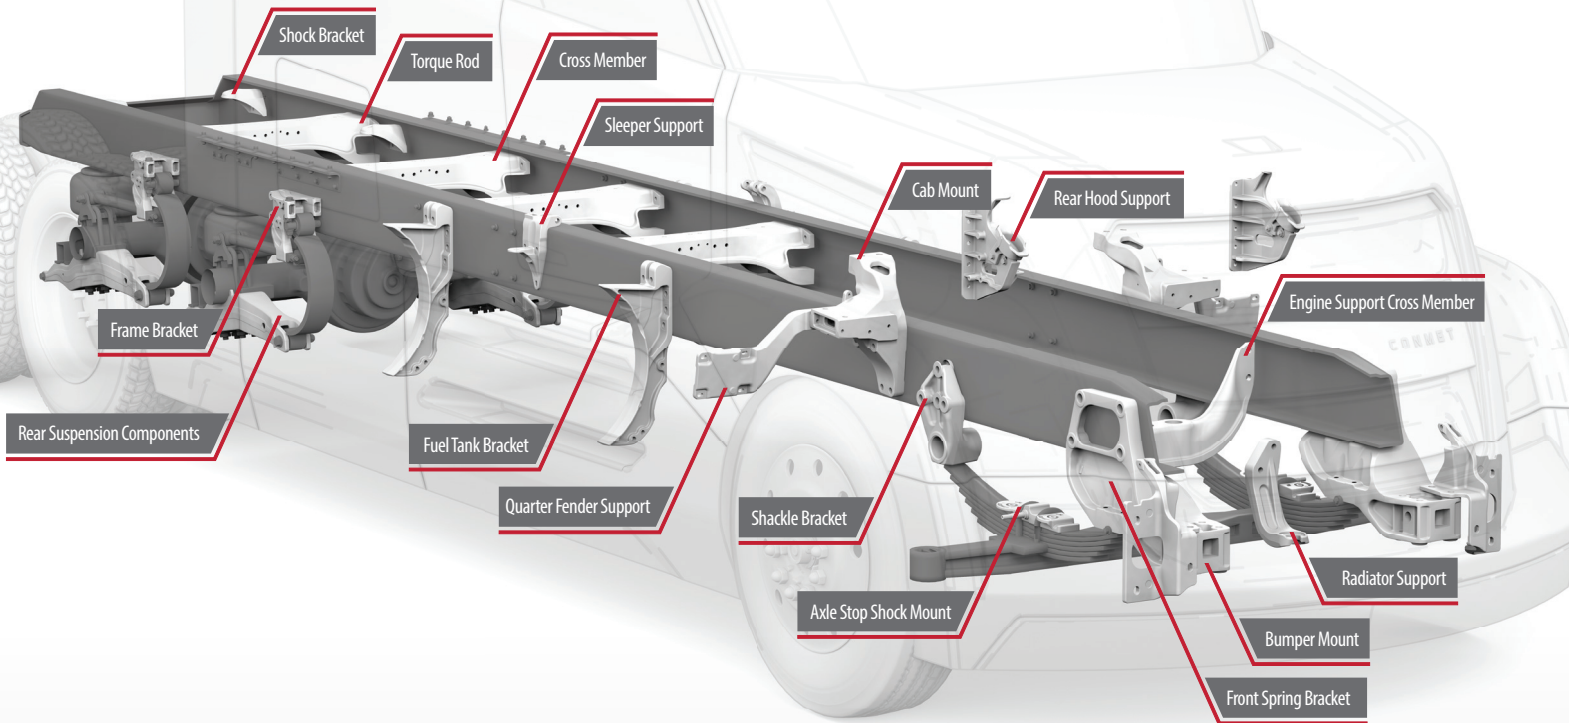

With a constant focus on the commercial vehicle industry, ConMet has a proven track record of success creating lightweight, cost-effective components from award winning, ISO certified foundries. ConMet's in house design and manufacturing engineers work directly with customers to develop products for exceptional function and endurance.

## Design Capabilities:

- ▶ Product Design in Pro/Engineer, CATIA, or NX
- ▶ Structural Analysis
- ▶ Casting Solidification Simulation using ProCAST
- ▶ Prototyping and Lab Testing
- ▶ Production Tooling

## Manufacturing Capabilities:

- ▶ Permanent Mold Casting
- ▶ Low Pressure Aluminum Casting
- ▶ Machining
- ▶ Finishing
- ▶ Assembly
