

Avalanche[®]

GERBER[®]

Avalanche[®]

Scale Up to the Next Level

In a class by itself, the Avalanche[®] offers high-end design, a great, reliable flush, and top-of-the-line features that allow this toilet to stand out. Backed by the legacy of Gerber[®] ingenuity, the Avalanche is the pinnacle of performance.

1,000 gram MaP[®] score

The amount of solid waste this toilet can remove with one flush

Good Looks

Elegantly contoured tank with flush-fit cover and squared, detailed bowl

KeepClean[™]

Permanent glaze creates a super slick finish that prevents residue from sticking and keeps the bowl cleaner longer

QuietClean[®]

Two powerful rim jets circulate water faster and longer for an exceptionally clean bowl with a softer sounding flush

The Go-To for Premium Performance

- ① Tank designed to maximize head pressure and flush speed
- ② Chrome-plated metal lever with stainless steel operating arm offers enduring dependability
- ③ Best-in-class Fluidmaster® 400A fill valve
- ④ 3" flush valve that increases suction action for a more powerful flush
- ⑤ Corrosion-resistant, rigid flapper for a tight, leak-free, long-lasting seal that won't waste water

- ⑥ QuietClean® dual rim jets circulate water faster and longer for a just-scrubbed clean with every use and a softer sounding flush
- ⑦ KeepClean™ permanent glaze coating provides a super smooth bowl surface that keeps residue from sticking for a more sanitary bowl that needs less cleaning
- ⑧ Extra-large, dual-fed siphon jet that helps power water into and around the bowl to clear it completely with a single flush
- ⑨ Large, fully glazed 2" trapway for virtually clog-free performance
- ⑩ Extra-large, strategically shaped footprint, ideal for replacements, covers old caulk lines, dirt, and other flooring imperfections from previous installations

Lasting Legacy

All Gerber toilets are backed by an enduring heritage, going all the way back to 1932, that ensures engineering excellence, impressive product performance, and top-notch customer support, making Gerber a trusted brand—both by professionals and homeowners alike.
